YOUNG MANCLAIR ALBIN, SON OF TOWNSHIP
TRUSTEE PAUL ALBIN, SUFFERS CUTS ABOUT HEAD
WHEN AUTO OVER-
TURNSOCCURRED LATE MONDAY
Chevrolet Coach Turns Over Three
Times on East Washington
Street Road—Taken to
Hospital

Clair Albin, 25, son of township trustee and Mrs. Paul Albin, may be disfigured for life as the result of an automobile accident on the east Washington Street Road about 4:55 o'clock Monday afternoon. Albin had his right ear almost completely cut off and suffered cuts and bruises about the right leg and elbow.

Albin, who is employed by the High Point Oil Company, was enroute to Greencastle to work, when the accident occurred. As a car driven by Frank Johnson, of Chicago, who is visiting here, pulled out of a driveway at the John Robinson home, Albin to avert a crash swung his Chevrolet coach to the south side of the road, skidded back across the road to the north side where his back wheels slipped off the asphalt pavement, and then the momentum of his car caused it to turn over three times in the road in front of the George Long home some distance from the Robinson gate.

Albin was able to crawl out of the wreckage and was brought to the office of Dr. W. M. McGaughey by Johnson and later was taken to the County Hospital. He was under the influence of ether for an hour while the physician sewed the ear back on in an effort to save the young man from disfigurement. With the exception of the torn ear, Albin did not suffer any serious injury.

The Chevrolet car was badly wrecked, glass littering the pavement where it overturned. Fortunately the top did not crumple or the young man might have suffered fatal injury.

According to Albin weeds at the Johnson gate obstructed view of both drivers.

Clair Albin was sufficiently recovered from his injuries to leave the hospital this morning.

NAME VIEWERS
ON COX ROAD

Viewers for the Dove Cox and others free macadamized road in Madison township, running from the Big Four arch near Fern, to Pleasant Hill, were appointed by the County commissioners Monday. The viewers are Hale Phillips of Marion township and Reason Larkin of Jefferson township and County engineer Orville O'Neal.

A petition for improvement of this road, which is said to be a short cut from Pleasant Hill to the southwest part of the county, has been on file for some time but no action was taken by the commissioners pending disposal of the Christenberry road, a bend issue for which was recently disallowed.

COUNTY COMMISSIONERS
AWARD COAL CONTRACTS

The county commissioners today awarded the contract for furnishing sanitary supplies to the county farm, jail and court house to Kiger & Co., of Indianapolis.

Contract for coal for the County Farm was let to Wright & Shoptaugh on their bid of \$3.17 per ton for 3x6 Glen Ayr, f. o. b. tracks, this city. Vandalia Coal Co. was given the contract for furnishing coal to the County heating plant on its bid of \$3.64 on 3x6 Glen Ayr delivered in bin. All coal is to be weighed on the city scales. Bids were closed.

The contract for repair of the heating plant had not been awarded early this afternoon.

ESHELMAN NAMED
TO DIRECT MOOSE

MARION, Ind., Sept. 2.—Dr. L. H. Eselman of Marion was elected president of the Indiana Moose Association at the close of the seventh Indiana conclave.

Other officers elected were W. A. Anderson, Indianapolis, re-elected secretary and Harry E. Ayres, Terre Haute, treasurer. A spirited fight for the 1930 conclave was won by Huntington. A resolution adopted commended Governor Harry G. Leslie for his position and action in the trouble between the union and non-union miners in the southern Indiana coal fields.

FOUR CARS IN
ACCIDENT AT
MT. MERIDIANBUS AND THREE AUTOMOBILES
DAMAGED IN COLLISION AT
BROAD PARK ROAD MONDAY
AFTERNOON—TWO SLIGHTLY
HURT

Two persons were slightly hurt and four motor vehicles were damaged in a mixup of cars at Mt. Meridian Monday afternoon. A bus carrying twenty-five passengers and three automobiles were the vehicles figuring in the accident.

The mixup occurred when a car occupied by Mr. and Mrs. Frank Wilcox of Broad Park pulled out on the National Road in front of the Indiana Motor Transit Company bus driven by Cecil Carmine. The collision cars then crashed into another auto belonging to Walter Merrill, filling station proprietor of Mt. Meridian, and one belonging to Adolph Mollett of Newcastle.

Mr. and Mrs. Wilcox suffered cuts about the face from flying glass and a girl on the running board of the parked Newcastle car was slightly hurt. The bus was able to proceed on its way after a report of the accident was made to a deputy sheriff at Mt. Meridian.

WHO KEPT VICTIM'S BODY IN
PERFECT STATE OF PRESERVA-
TION FOR MONTH—WOMAN
MOTORIST FINDS BODY

MORRIS, Ill., Sept. 3.—(INS)—Mystery surrounding the finding near here of a woman's nude body sewed in a burlap bag was deepening today as authorities were searching for the murderer who kept his victim's body in a perfect state of preservation for over a month.

The body was found yesterday in a clean, new burlap bag a few feet from the pavement of State Highway 7. The sack had been weighted down with a forty pound rock.

Mrs. Joseph Hunt of Detroit discovered the body while her husband was changing a tire on their automobile. Approaching the bag out of curiosity, she opened it, noted its contents and fainted.

Death was caused by a poison or a gas, for no wounds or marks were found on the body, according to Coroner Tyler Hoganson of Grundy County.

"A postmortem shows that death occurred a month ago," he said. "The clay on the body suggests that the first plan of the person who had to dispose of it was burial, a hurried burial."

"But this must have been abandoned, for the body, still covered with clay, was placed in the bag, and that must have been done before rigor mortis set in."

The body then was placed in cold storage, the coroner believes.

Reports Confirm Statement of Emir That 60,000,000 Moslems Are Ready to Advance On Palestine

JERUSALEM, Sept. 3.—(INS)—With the gauntlet thrown down by Moslem leaders in the Arab uprising against Britain, sinister reports of unrest continued to be heard through out the Near East today.

Following the Arab attack upon the Greek Orthodox settlement in Beisan which, according to the Jewish telegraphic agency, resulted in twenty christian death, rumors of new uprisings in widely separated sections of the country flowed in upon Jerusalem.

With each recurring report, observers in the Holy City became more certain that the present disorders in Palestine are merely one phase of a general revolt of Moslems through out the Near East.

Reports confirmed the declaration of Emir El Hussein, Grand Mufti of Palestine, that 60,000,000 moslems are prepared to advance upon Palestine unless the British government withdraws its protectorate in this region.

The Emir's statement declared that peace in Palestine can never be achieved while the terms of the Balfour note, which guarantees protection to Jews returning to their home land, are carried out with the aid of the British military.

The most serious rumor of new Arab uprising circulated in Jerusalem today declared that Arabs of El Huleh, the northernmost district of Palestine, were preparing for an advance upon the Holy City. These Arab bands, which live in scattered groups along the Syrian border, are lead by Emir Faour, a notorious and much-feared warrior.

In view of this report a large force of British troops in armored cars, augmented by airplanes, have been dispatched to the affected area to squelch the uprising at its inception.

The remaining Jewish residents of Safed, the Hebrew city which was sacked in a brutal Arab raid last Thursday, were being evacuated by British troops today. The city is virtually demolished. Fires are still smoldering and hardly a house stands intact.

Little is known of the reported raid upon Beisan, but considerable surprise was created when it became known that the Arab hordes had attacked a Christian settlement. The Greek orthodox quarter of the village was pillaged, and although a definite check of dead has not yet been made, the casualties are reported at twenty. Scores were injured.

United States Consul General Paul Knabenshue has reported officially that eight Americans have been killed and sixteen injured. Some seriously, thus far. Hope is expressed that no further casualties will result among the American population, as there is heavy concentration of British troops at virtually every spot where American residents are located.

MEYER WINS RACE

ALTOONA, Pa., Sept. 3.—(INS)—Four the second straight year Lou Meyer, youthful California racing king has captured the A. A. A. Speedway championship.

With a huge holiday crowd looking on Meyer spun his car around the track here to take the annual 200-mile Labor Day race in the fast time of 1:46:36 and add 400 points to his season total for the title.

Fred Frame of Los Angeles was second while Myron Stevens finished in third place.

SAVANNAH E. BRYCE, 72,
DIES AT MARTINSVILLE

MARTINSVILLE, Ind., Sept. 2.—Mrs. Savannah Elizabeth Bryce, 72 years of age, died today at her home here after a month's serious illness resulting from a fall. Mrs. Bryce is survived by two sons, J. E. Bryce and Dr. John D. Bryce, both of Detroit; two daughters, Mrs. Hazel McCoy of Greensburg and Mrs. Nellie Hall of Whitestown and one brother, Judge J. W. Williams of this city. Mrs. Bryce was a member of the Christian church. Funeral services will be held at the home Wednesday morning at 10 o'clock. Burial will be in Crown Hill cemetery, Indianapolis.

MEETS DEATH AT MAZON, ILL.
—CARS CRASH THROUGH
FENCE

RUSHVILLE, Ind., Sept. 3.—(INS)—Two boys met death and two men serious injuries when the racing car of Art Knecht, a local race driver, crashed through the fence at the Rushville motor speedway during a Labor Day automobile race here.

The dead were: James Hobbs, 12, killed instantly. Wilson Crosby, 14, who died in an Indianapolis hospital later.

The injured were: Knecht, the race driver, believed to have been hurt internally. Harvey Seeley, 28, compound fracture of leg and serious loss of blood.

In another accident Bill Smith of Indianapolis crashed on a turn and was said to have been badly hurt. He was removed to his home in an ambulance.

Coroner Green was investigating the double tragedy today.

MAZON, Ill., Sept. 3.—(INS)—One man is dead today and seven are injured, one perhaps fatally, as the result of a racing automobile crashing through a fence into a crowd of spectators at the Grundy county fair late yesterday.

The racing car, driven by Edward Drees, 25, of Aurora, Ill., was trailing the others in the second five mile heat when Drees, bewildered by the dust, lost control and crashed through the fence.

The car struck Fred Lass, 80, killing him instantly.

DRIVES BOARD IN CHEST

CRAWFORDSVILLE, Ind., Sept. 2.—Arnie Stonebroker, Lafayette race driver, was seriously injured here today when his mount crashed through a retaining fence at the local fairgrounds, driving a board through the right side of his chest.

He was taken to the Culver hospital here for treatment, where physicians held hope for his recovery. He was later taken to Lafayette by his family.

RATE OF 30 CENTS NOW

Will Probably Meet Again Tomorrow to Finish Work—Wimmer Meets With Board

Members of the County Council were applying the axe to numerous items in the 1930 budget of appropriations for Putnam County at their meeting in the Law Library in the Court House today. The slashing indicated that a lowered tax rate for 1930 will be in effect.

The present county tax rate is 30 cents but as several items were eliminated from the list of proposed expenditures for 1930 it was almost certain this would be lowered.

Very few of the appropriations for 1930 had been definitely settled this afternoon. Most of the morning was devoted to fixing the assessor's allowances for 1930. Deputy hire for the county clerk was eliminated this afternoon and much debate resulted over an appropriation of \$750 asked by the county auditor for this purpose.

I. L. Wimmer, field agent for the Indiana Taxpayers' Association, met with the board and discussed the various appropriations with them. The board will probably meet again tomorrow to finish their work.

HOOVER SENDS
OXNAM PICTURE

Herbert Hoover, president of the United States, has sent to Dr. G. Bromley Oxnam, president of DePauw University, a photograph of himself, autographed with the best wishes of the United States chief executive.

The photograph was awaiting Dr. Oxnam on his return from California where he passed the summer. Dr. Oxnam plans to frame the photograph and give it a place of honor in his private office. In commenting on President Hoover's administrative program, Dr. Oxnam said: "Mr. Hoover will go down in history along with Presidents Wilson and Lincoln as having the greatest administrations."

ONE INJURED
IN CAR CRASH

Two cars were slightly damaged at Washington and Vine streets about 1 o'clock this afternoon when the Essex coupe of E. A. Brown collided with a Gardner Bros. ice truck driven by Walter Gardner.

The windshield of Mr. Brown's car was broken and a fender smashed. The truck had a badly bent front bumper and a spindle of the left front wheel sprung. The truck was going east on Washington street at the time and the other car was going south on Vine street, it was said.

Miss Edith Marie Brown, daughter of Mr. Brown, was the only person injured. She suffered a bad cut near the left eye and bruises on the right side of her head and face, when she hit the windshield. The injuries were treated by Dr. C. T. Zaring.

EDISON OUT OF DANGER

WEST ORANGE, N. J., Sept. 3.—(INS)—Thomas A. Edison is now completely out of danger and is completing his recovery, his son, Charles head of the Edison industries, declared today.

The famous inventor had been suffering of pneumonia since August 13.

SEEKS DIVORCE

Minnie Sutherland, of Greencastle, has filed suit in the Putnam Circuit court against Ollie Sutherland, for a divorce. The couple were married, May 23, 1928 and separated June 23, 1928, according to divorce complaint. The plaintiff alleges that soon after their marriage the defendant became sullen and would not talk, that he would get in an angry mood and tell the plaintiff that he did not love her and was not going to live with her. The couple have one child, eight months old. The plaintiff asks custody of the child and support money.

DAY NIGHT—SERVICES AT
NEW MAYSVILLE TODAY

Mrs. Mary Jane Myers, 85 years old, widow of Charles T. Myers, died Saturday night at the home of her daughter, Mrs. Iva A. Hedge, 839 North Keystone avenue, Indianapolis. Funeral services were held at 11 o'clock this morning at the New Maysville Baptist Church, near Roachdale, and burial was in the Roachdale cemetery.

Mrs. Myers, who was the daughter of Mr. and Mrs. Jesse Eggers, was born in Putnam county and was married to Mr. Myers on March 1, 1869. Mr. Myers died about ten years ago.

Survivors are two brothers, Jesse Eggers, Jr., of Roachdale and Riley Eggers of Danville, Ind.; two sons William Myers of Michigan and Jesse Myers of Roachdale, and five daughters, Mrs. Hedge, Mrs. Sarah Dewitt and Mrs. Lillie Soots of Indianapolis; Mrs. Lela May Housh of Hiawatha, Kas., and Mrs. Minnie Riddle, of Roachdale.

KIWANIS CLUB
WILL PICNIC

The members of the Greencastle Kiwanis Club and their families will enjoy a picnic supper Wednesday evening at 6 o'clock at the home of Milt Brown on east Anderson street. The program committee is arranging some special stunts for the entertainment of the group and a committee of the ladies is arranging for the supper. Each family will take their own basket and table service.

Each summer the club holds such a picnic at the home of one of the members and this promises to be one of the best in the history of the organization.

CHICKENS
ARE STOLEN

Thirty-three Buff Minorca chickens and twelve White Rock chickens belonging to Mrs. William McMains of Cloverdale, were stolen from the McMains home last night and Sunday night. According to Mrs. McMains the thieves took the White Rocks Sunday night and returned again last night and took the Minorcas. Deputy Sheriff Alva Bryan was in Cloverdale today investigating the incident. No clues were left by the marauders.

SEEKS PASSPORT

Miss Katherine S. Alvord, professor in DePauw university, who has been granted a year's leave of absence to study and visit abroad, has applied for a passport at the County Clerk's office. Miss Alvord intends to sail from San Francisco on the President Johnson October 4.

Spanish American War veterans will meet in Dr. Hawkin's office tomorrow evening at 7.30 o'clock.

Giant Airship Will Head Across Bay of Biscay Crossing The French Mainland Between Bordeaux and Nantes

By International News Service
Soaring toward her home base at Friedrichshafen, Germany, at an unpredicted rate of speed, the German dirigible Graf Zeppelin today appeared likely to lower her own previous record for aerial circum-navigation of the globe.

With most of the ocean expanse left behind, the Zeppelin was expected momentarily to cut across the coast of France and then speed over to a tervary close the record-breaking series of continent-linking flights upon which she had been engaged for the last few months.

Carrying twenty-two passengers, the Graf took off from Trossingen, New Jersey, at 8:18 a. m. (New York daylight saving time). If the present rate of speed of approximately eighty miles an hour is maintained during the remainder of the flight, the dirigible should arrive at her birthplace on the shores of Lake Constance tonight.

If this is achieved, the Graf will easily have broken the round the world record of 21 days, 7 hours and 33 minutes established in the flight from Lakehurst to Lakehurst. Captain Ernest Lehmann, commanding the dirigible in place of Dr. Hugo Eckener, was anxious to cover the Graf with new glories on his first flight as commander, and has high hopes of shattering the earlier globe-girdling record.

Both sides of the Atlantic heard the Graf's powerful wireless during most of the trans-Atlantic flight. Although no mention was made of the weather being encountered, the remarkable speed maintained during the first half of the flight, when a speed of more than ninety miles an hour was maintained, told clearly that favorable conditions were being met, and that the Graf was enjoying the help of strong following winds.

BERLIN, Sept. 3.—(INS)—The giant dirigible Graf Zeppelin, speeding to Friedrichshafen, Germany, from Lakehurst, New Jersey, reported her position at 8 a. m. Greenwich mean time (4 a. m. New York daylight saving time) as 37.50 north latitude, 15.30 west longitude.

The position was given in a wireless message to the Hamburg-American steamship line, booking agents for the Zeppelin's round the world flight. The message said the dirigible was heading for Cape Finisterre on the northwestern tip of Portugal. The position message by the Graf is approximately 300 miles west of Lisbon in a straight line, and slightly less than 500 miles from Cape Finisterre.

It was assumed the Graf would head across the bay of Biscay after passing the French mainland between Bordeaux and Nantes into Europe.

BREAK STATE
FAIR RECORD

INDIANAPOLIS, Sept. 3.—(INS)—Indiana State Fair officials were jubilant today over the attendance record established on Labor Day when 86,392 persons passed through the turnstiles.

This attendance mark surpassed the previous high record set on Labor Day, 1927, by 3,225 admissions. In 1927 the Labor Day attendance was 83,167.

Flat Roof Success

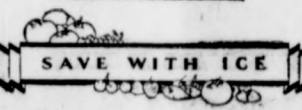

Depends on Location
The flat roof, which is so desirable in the West and Southwest, where there is little dew and no troublesome insects, would not always fit into a northern location. Though some have heard the idea expressed that such a roof proves economical in fuel consumption in the northern climate as a deep layer of snow forms a protective covering for the house. Terraced roofs, flat roofs, low-pitched and steep-pitched roofs, gable and hip, entrances, details of windows, doorways, porches, terraces, vases and garden furniture all aid in producing architectural variation.

Bathroom and Kitchen

Too often, in planning a home, the bathroom and kitchen are neglected. Yet these rooms, almost more than other places, should possess an air of refinement and sanitation which will leave its impress upon everyone who enters them.

White Ceilings

Contrasting white ceilings are harsh, and many decorators have gone so far as to advocate design on them, too, claiming that they are part of the room, and should be treated as such.

ICE

NON-STOP FLYER IS OBJECT OF WIDE SEARCH

MAJOR JOHN WOOD WHO LEFT LOS ANGELES ON FLIGHT TO CLEVELAND IS LONG OVERDUE—BELIEVED DOWN IN INACCESSIBLE SPOT

LOS ANGELES, Cal., Sept. 3.—(INS)—Widespread search was in progress today over Arizona and New Mexico mountains and deserts and far into Oklahoma and Kansas, for Major John Wood, Wausau, Wis., air race pilot and his mechanic, Ward Miller, Los Angeles, missing in an attempted non-stop flight to Cleveland for a \$5,000 prize.

Lockheed Vega factory officials at Burbank near here and airport attendants early today were without word from Major Wood, long overdue at Cleveland, O., in the Los Angeles-Cleveland non-stop air race.

Wood and his mechanic Ward Miller were last to take off here early Monday for the \$5,000 prize awarded at Cleveland.

It was believed here the plane might have been forced down in an inaccessible spot or that pilot and mechanic had been killed.

Wood is president of the Northern Airways. His home is at Wausau, Wis.

Lieut. Henry J. Brown had been awarded the first prize when Wood failed to arrive at Cleveland before 6 p. m. yesterday.

Wood's ship is a cabin monoplane, numbered 7994.

SIX HONOR GRADUATES IN COLLEGES

THREE TO ENTER EUROPEAN COLLEGES AND THREE WILL REMAIN IN AMERICAN UNIVERSITIES—PAUL SWEET IN GERMAN SCHOOL

The six honor graduates of DePauw University to whom the first Rector Fellowships were awarded last June to enable these students to pursue graduate work in their chosen fields, will be among the students to enroll in foremost colleges of the United States and Europe this September.

Three of them, Alvin Rockwell of Kalamazoo, Mich., Helen Stokes of Boston, Mass., and Paul Sweet of Chicago, will enter European colleges while Ward Hartzell of Anderson, Evelyn Carlson of Chesterton and Harold Bockoven of Plymouth will study in American Universities. These traveling Fellowships are the new scholastic awards offered to DePauw graduates and is fostered by the late Edward Rector of Chicago who made possible the Edward Rector Scholarship Foundation which awards scholarships to nearly 250 men each year.

Paul Sweet, formerly of Greencastle, sailed from New York August 21 and will arrive in Berlin, Germany September 8. He will enter Goettingen University this winter specializing in history.

Helen Stokes of Boston sailed for Bremen July 18 and after a tour of Germany will enter Bonn University in October. She plans to study German philosophy and literature.

Alvin Rockwell of Kalamazoo will enter Oxford University in England this fall for graduate work in political science centering on the outflow of war.

Harold Bockoven will pursue a medical course at either Rush Medical School, Chicago, or the Harvard medical college at Cambridge. He plans to specialize in tuberculosis, cancer and influenza.

Ward Hartzell will study history at the University of Wisconsin working toward a Ph.D. degree.

Evelyn Carlson intends to work for a degree in Latin at Cornell University at Ithaca, New York.

"Donovan Affair" All-Talking Mystery Picture Opens Today

The whole world loves a mystery as is evidenced by the many newspaper accounts of real-life mysteries, the magazines with fictional accounts of crime and its detection and the bookstore counters piled high with thrillers.

No stage drama of the detective or mystery order has been more consistently successful than "The Donovan Affair," Owen Davis' sensational play. An adaptation of this famous success has reached the screen via Columbia Pictures as an all talking vehicle and is playing to-day and Wednesday matinee and night at the Granada Theatre.

Among the featured players is Jack Holt, hero of many great films and lately seen in Columbia's undersea success, "Submarine." The same charming actress who appeared with him in that picture, Dorothy Revier, is featured in the feminine lead of "The Donovan Affair," while the talented director Frank C. Capra, who piloted "Submarine" to a safe port and who has been credited with many notable screen successes, directed this new film. A tremendous

cast of players including William Collier Jr., John Roche, Fred Kelsey, Ethel Wales and Agnes Ayres support the leading actors in the picture. This whirlwind drama of mystery, murders, thrills and suspense.

A picture of this type is a stimulant as well as entertainment, since the complications and suspense keep the audience on the "qui vive" throughout.

Added to the program will be an all-talking comedy, "The Old Barn" featuring Johnny Burke.

MAD DOG INFECTS HOGS IN PEN: SEVENTEEN DEAD

MARTINSVILLE, Sept. 2.—A mad dog loose in a pen with seventy-seven hogs on a farm near here has infected the animals and in the past two days seventeen hogs have either been shot or have died from rabies. Dr. R. E. Barnett called the State veterinarian after the dog was killed and showed definite signs of rabies but he was unable to check the disease in the hogs. They show symptoms similar to dogs with rabies—erratic running and frothing at the mouth.

200-HOUR SLEEP ENDS

CHICAGO, Sept. 2.—Asleep for eight and a half days, Mrs. Emma Williams awoke today with a request for water.

Mrs. Williams's case had baffled physicians. It was decided that influenza germs, lodged in her throat during an attack about a year ago or an injury to her neck suffered five years ago, might have been responsible for the long sleep. She is 48 years old.

PAT TALKS FOOTBALL

Article 3—Fundamentals

Some time this coming football season you will pick up the sports page and read where some team won a game because it bested its opponents in fundamentals. A coach's repertoire of plays may be better than that of the opposing coach. But is his team versed in the fundamentals?

Every beginner in the sport must learn the fundamentals. They include kicking, passing, running, blocking, tackling, rooting, charging, bucking, etc. To know these fundamentals is to know football. Fundamentals are football. The execution of them makes a game.

Fundamentals can be divided and sub-divided into two classes. They are: handling the ball, and handling the body. These two main branches are divided into two more classes: offensive handling of the ball and body, and defensive handling.

A player is rated by his fundamentals. A backfield man who can buck, run, kick and pass is a boon to any team. When the ball is passed back to him from center, the opposition is in a quandry. They don't know what he will do. On the line, the player who is as good offensively as he is defensively is the player who rates the first eleven. He must charge fast and root and block perfectly.

In handling the ball it is necessary to practice until the proper form is attained. There is an old saying "you play as you practice." It is true in football. Whenever you are handling the ball, whether in practice or at play, it should be done always in the proper way.

In carrying the ball on runs or bucks, it should be tucked away securely, as the tacklers may tackle the ball for a fumble. If the ball is carried in one arm, it should be made an outside one so that the other arm can be used to ward off would-be tacklers.

In passing the ball, much practice is needed. Some players grip the ball a little back of center, but this takes time. Others pass the ball by placing the ends of the fingers along side

the laces. When the ball is released it is given a twist to make it spiral. The twist is attained by swinging the wrist to the side.

Nowadays the center also employs the spiral method of passing the ball to insure accuracy. In the old days, the center used the end over end or float pass, but this was never sure. The ball should be gripped in the same manner when passing from center as it is when forward passing.

A wet ball is very hard to handle. Only proficiency in handling the ball will guarantee fair handling of the pigskin on a rainy day. Scooping up fumbles is an art all in itself. There are no set rules; the player usually gets the knack by practicing himself.

John Levi, of the Haskell Indians, was one of the greatest passers ever produced. In the Big Ten, the passing combination of Friedman to Oosterbaan, of Michigan, and Wyman to Bastian, of Minnesota, are outstanding. Indiana University has two great passers for next season in Magnabosco and Balay. Chicago has Mendenhall, and Purdue has Harneson.

Editor's note: Pat Page will explain tomorrow one of the most important of fundamentals, the kick.

FIVE DROWN IN LAKE WATERS

WAUKEGAN, Ill., Sept. 3.—(INS)—Searching parties were dragging the waters of Long Lake, twelve miles west of here, today for the bodies of four of the five young men drowned yesterday when their overloaded outboard motorboat was upset.

The dead are: Harry Wegman, 19, Cicero, Ill.; Everett Veldman, 19, Cicero; Cornelius Gelderloos, 23, Chicago; George Ottenhoff, 21, Hinsdale, Ill., and John H. Hooving of Chicago.

Only one body has been recovered, that of Gelderloos. The water where he was found was only three feet deep, but he was imbedded to the

waist in the mud bottom. It is believed that the mud is holding the bodies of the other victims.

A sixth member of the party was rescued from drowning by another man who dived from a rowboat and brought him to shore.

To Pilot British Hope

Flying Officer Atcherly, of the Royal Flying Corps, will pilot the British mystery plane in the coming Schneider Cup Races. Experts estimate that the English "speed demon" will attain a speed of 350 miles during the race.

Keating Wins Race

Edward Keating of New York won first place and the prize money of \$25,000 in the Fourth Annual Wrigley Marathon, held at Toronto. The course was fifteen miles long and lake winds made the going rough, but this didn't bother "Ed."

STEAMSHIP IS SUNK IN STORM

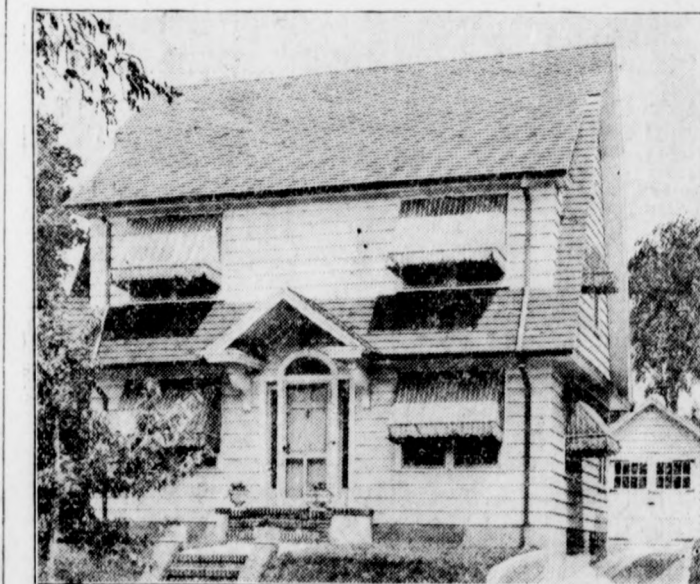

MANILA, Sept. 3.—(INS)—Caught in a typhoon which ripped along the southern coast of the Island of Luzon, the steamship Mayon, owned by the Manila Roadway Company, sank Monday afternoon, according to advices received here today.

Nine survivors were washed ashore at Bantuin Point. The fate of twenty-eight other officers and members of the crew is not known. A rescue party was immediately sent to render aid but nothing has been heard from it since it left.

The ship apparently foundered in the typhoon which has been sweeping Luzon for forty-eight hours.

The Mayon was a vessel of 170 tons net and operated under an American registry. It was plying between Aloneros and Pasacao when sunk.

Home building sites which are high and are terraced up from the street require a certain type of home in order to make a harmonious combination. The home shown in the accompanying illustration is of the type that looks well on a terraced lot. The broken roof lines and the overhang at the first floor sill of the roof proper take away from this house the appearance of height which is a good feature when the building is set high above the street level.

Indiana Man Tells How Famous Medicine Quickly Ended Kidney Trouble.

MR. JOHN MONROE
"For years I suffered from a severe case of kidney and bladder trouble," said Mr. John Monroe, 119 E. Townley street, Bluffton, Indiana. "My sleep was disturbed every half hour during the night because of irregular bladder action. I tried medicine after medicine, but could find nothing to help me. "A friend recommended Konjola and I decided to give it a trial. That was the wisest decision I ever made, because Konjola went to the source of my trouble. Daily my improvement became more noticeable. In four weeks Konjola had strengthened my kidneys and restored me to glorious health. I sleep and feel like a different person—thanks to Konjola." Konjola is sold in Greencastle at the Owl drug store, and by all the best druggists in all towns throughout this entire section.
